

FRONT & REAR MOUNT SLIDES

These 3-section ball bearing steel slides have full extension with quick disconnect function. They will fit into 1RU space, and can handle a full load rating of 100 lbs. per pair. A set of 4 mounting brackets and screws (16 of the 8-32 thread) are included. Standard finish is electro zinc plated. Other travel lengths and finish also available.

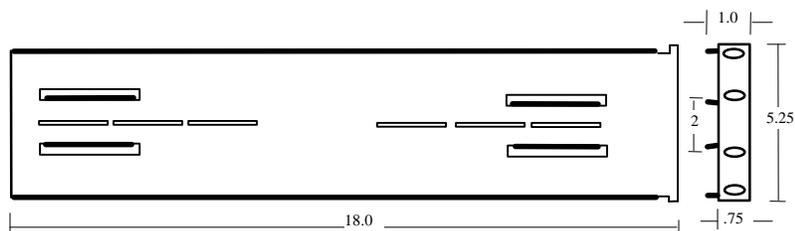

Travel Length	STOCK No.	DIMENSIONS (inch)				Shipping Weight
		A	B	C	D	
20	70-20Z	12.60	17.40	16.38	-	5.0
22	70-22Z	-	19.37	13.86	17.64	5.5
24	70-24Z	-	21.34	13.86	18.90	6.0
26	70-26Z	-	23.31	13.86	21.42	6.5
28	70-28Z	12.60	25.28	13.86	21.42	7.0

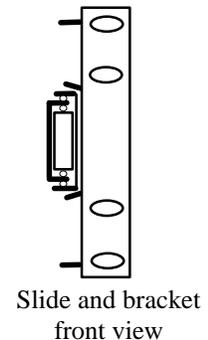

FRONT MOUNT SLIDES

Instead of above front and rear mounting brackets, this slide assembly mounts on the front rail only. Standard finish is electro zinc plated or painted. A complete assembly includes a pair of side support brackets and 2 ball bearing slides (as shown above). Other travel lengths and finish also available.

Travel Length	STOCK No.	DIMENSIONS* (inch)				Shipping Weight
		A	B	C	D	
20	71-20G	12.60	17.40	16.38	-	8.0
22	71-22G	-	19.37	13.86	17.64	8.5
24	71-24G	-	21.34	13.86	18.90	9.0
26	71-26G	-	23.31	13.86	21.42	9.5
28	71-28G	12.60	25.28	13.86	21.42	10.0
